# Helpful Websites

## French and English Reading Websites:

Reading A-Z

<http://www.readinga-z.com/>

This is a great reading website available in both French and English. It's a reading program with books that are leveled based on difficulty. Each letter of the alphabet corresponds to the level of difficulty of the book. Books leveled A are the easiest books, and books leveled Z are the hardest books. You can choose to read the books online or print them out. There are activities that correspond to each book to reinforce reading comprehension skills.

Bitstrips

<http://www.bitstripsforschools.com/>

This site allows kids to make their own comic strips. The site promotes reading, writing, digital storytelling, and media literacy. Your child can choose from a variety of activities in different subjects and create a comic strip to complete the task.

<http://www.starfall.com/>

These motivating activities encourage students to practice basic phonics in English. Great for grade 1-2.

<http://jc-schools.net/tutorials/interact-read.htm>

This site offers a variety of English stories that students can read online. Many of the stories can be read to the students as well offering them the opportunity to listen to the stories. Great for any age.

Tumblebooks

<http://www.tumblebooks.com/>

This online site provides a variety of animated, talking story books and read alongs. The words are highlighted as the narrator reads, allowing students to follow along.

- 1) Tumblebook library - E-books
- 2) Tumlereadables - Read along collection
- 3) Audiocloud.com - Online Audio collection.

## Math Websites:

<http://cemc2.math.uwaterloo.ca/mathFROG/>

This site is available in both French and English. This site provides many educational math games to reinforce math skills learned in class. This site is great for grades 4-6. On the site there is a section for students and a section for parents/teachers. If you click on the section for students, educational math games based on the math strands in the Ontario curriculum will pop up. If you click on the parent/teacher section you will find guidelines of what is covered in each strand (based on the Ontario curriculum) of math and effective strategies/worksheets to help your child succeed.

<http://www.jeux-pour-enfants.com/calcul-math.htm>

This French website provides your child with a variety of different math games. Most games focus on Number Sense and Geometry and can be used for grades 1-6.

### **Writing Websites:**

<http://www.jeux-pour-enfants.com/orthographe-conjugaison.htm>

This website provides your child with an opportunity to practice and recognize common words in French. Fun site for practice in grammar, spelling and conjugations.

<http://www.handwritingworksheets.com/>

A great website to help your child practice their hand-writing and/or cursive writing.

### **Fun French Websites:**

The following are three educational sites with fun french games for all ages.

<http://www.scolartek.com/>

<http://www.tibao.com/>

<http://www.nicoland.com/fr/home.htm>
