

Dear Parent(s) or Guardian(s),

Our school provides the required supplies for students to successfully take part in our programs, but you may provide supplies that your child wishes to use. We know that many families go shopping for school supplies in mid-summer when sales begin. For some students, this shopping is a happy anticipation of a new school year. Also, some students take better care of materials that they have chosen themselves. We thought that you might appreciate a list of materials, in order to make the most useful purchases. Please note Grade 1 will be doing community supplies, no need to label supplies individually.

Please file the list for your summer shopping. JK and SK students will be given a special list in September.
